

COMMONWEALTH OF PENNSYLVANIA
OFFICE OF THE GOVERNOR
HARRISBURG

THE GOVERNOR

GREETINGS:

It gives me great pleasure to join with the American Medical Billing Association (AMBA) in celebrating March 25, 2010 as Medical Biller's Day in Pennsylvania.

Medical billers provide a much needed service to doctors and other healthcare providers, for they are a vital segment of the health care industry. As they strive to provide a high level of ethical and lawful conduct throughout the entire health care industry, they offer expertise in program reimbursement requirements, help ensure that claims are accurately prepared, and free physicians and other practitioners to devote their energies to the care of their patients.

Increasingly, health care providers rely on billing companies to assist them in processing claims in accordance with applicable statutes and regulations and health care providers consult with billing companies for advice regarding reimbursement matters as well as overall business decision making.

As medical billers continue to influence the billing process in a positive and credible manner, they should be recognized for their efforts and their loyalty to the medical billing profession.

As Governor and on behalf of the Commonwealth of Pennsylvania, I commend our state's dedicated medical billers and join with them in celebration of March 25, 2010 as Medical Biller's Day in Pennsylvania.

Edward G. Rendell

EDWARD G. RENDELL
Governor
